RE: T2-000072, ^AChampion Home Builders, Weiser
Final Tier II Operating Permit No. 087-00008, Production of Manufactured Homes

Dear Mr. Spurling:

On May 2, 2000, the Idaho Department of Environmental Quality (DEQ) received an application for a Tier II Operating Permit (OP) from the Champion Home Builders. On June 2, 2000, the application was declared complete.

On September 20, 2000, a proposed Tier II OP was issued for public comment. The public comment period was from September 20, 2000 through October 20, 2000. No comments were received.

Based on review of your application, state and federal rules and regulations, and comments received, DEQ finds this project meets the provisions of IDAPA 58.01.01.400 (*Rules for the Control of Air Pollution in Idaho*). Therefore, enclosed is the final Tier II OP #087-00008 for the emissions that exist at your facility.

You, as well as any other entity, may have the right to appeal this final agency action pursuant to the Idaho Department of Health and Welfare Rules, Title 5, Chapter 3, "Rules Governing Contested Case Proceedings and Declaratory Rulings," by filing a petition with the Hearings Coordinator, Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, within thirty-five (35) days of the date of this decision. However, DEQ encourages you to contact the Air Quality Permit Program to address any concerns you may have with the enclosed permit prior to filing a petition for a contested case.

If you have any questions regarding the terms or conditions of the enclosed permit, please contact Tom Krinke, Air Quality Science Officer, of the Boise Regional Office, at (208) 373-0550.

Sincerely,

Stephen E. West
Regional Administrator

8. PERMIT AUTHORITY

This permit is issued according to the *Rules for the Control of Air Pollution in Idaho*, Section 58.01.01.400 and pertains only to emissions of air contaminants which are regulated by the state of Idaho and to the sources specifically allowed to be operated by this permit.

THIS PERMIT HAS BEEN GRANTED ON THE BASIS OF DESIGN INFORMATION PRESENTED IN THE APPLICATION AND DIVISION OF ENVIRONMENTAL QUALITY'S (DEQ) TECHNICAL ANALYSIS OF THE SUPPLIED INFORMATION. CHANGES IN DESIGN OR EQUIPMENT, THAT RESULT IN ANY CHANGE IN THE NATURE OR AMOUNT OF EMISSIONS, MAY BE A MODIFICATION. MODIFICATIONS ARE SUBJECT TO DEQ REVIEW IN ACCORDANCE WITH SECTION 58.01.01.200 OF THE *RULES FOR THE CONTROL OF AIR POLLUTION IN IDAHO*.

DISCLAIMER: This document may serve as a Preliminary Inspection Finding Form for use by Department personnel in communicating your compliance status upon inspection. It does not constitute a final determination of compliance status with the Idaho Code or any rules promulgated, permits issued, or consent or judicial orders entered into pursuant to the law. The Idaho Department of Environmental Quality reserves the right to supplement this document with additional compliance determinations, and amend, change, or otherwise modify any compliance determination stated in this document. This document in no way restricts the state of Idaho, Department of Environmental Quality from taking any action available under law to address past, present, or future violations of the laws administered by the agency.

A.1. EMISSION LIMITS

A.1.1 Opacity Limit

Emissions from any stack, vent, or other functionally equivalent opening at the facility, shall not exceed twenty percent (20%) opacity for a period or periods aggregating more than three (3) minutes in any sixty (60) minute period as required by IDAPA 58.01.01.625 (*Rules for the Control of Air Pollution in Idaho*). Opacity shall be determined by the procedures contained in IDAPA 58.01.01.625.

A.2. OPERATING REQUIREMENTS

A.2.1 Reasonable Control of Fugitive Emissions

All reasonable precautions shall be taken to prevent particulate matter from becoming airborne in accordance with IDAPA 58.01.01.650-651.

A.2.2 Odors

In accordance with IDAPA 58.01.01.776, the Permittee shall not allow, suffer, cause or permit the emissions of odorous gases, liquids, or solids into the atmosphere in such quantities as to cause air pollution.

A.3. MONITORING AND RECORDKEEPING REQUIREMENTS

A3.1 Fugitive Dust Records

The permittee shall maintain records of all fugitive dust complaints received. The permittee shall take corrective action as soon as reasonably possible, but no later than twenty-four (24) hours after a valid complaint is received, unless the permittee demonstrates to the Department's satisfaction that the longer response time was necessary. The records shall, at a minimum, include the date that each complaint was received and a description of the following: the complaint, the permittee's assessment of the validity of the complaint, and any corrective action taken.

A.3.2 Odor Records

The permittee shall maintain records of odor complaints received. The records shall, at a

[illegible]

A.4. REPORTING REQUIREMENTS

A.4.1 Certification of Documents

All documents including, but not limited to, records, monitoring data, supporting information, requests for confidential treatment, testing reports, and compliance certifications submitted to DEQ shall contain a certification by a responsible official. The certification shall state that, based on information and belief formed after reasonable inquiry, the statements and information in the document(s) are true, accurate, and complete.

C.1. EMISSIONS LIMITS

Emissions from the Manufacturing Plant's ceiling vents shall not exceed twenty percent (20%) opacity for a period or periods aggregating more than three (3) minutes in any sixty (60) minute period as required by IDAPA 58.01.01.625 (*Rules for the Control of Air Pollution in Idaho*). Opacity shall be determined by the procedures contained in IDAPA 58.01.01.625.

C.2.1 Paint Products

Paint products used to paint each manufactured home shall not contain volatile organic compounds (VOC's) or hazardous air pollutants (HAP's) in excess of the amounts indicated on the Material Safety Data Sheets (MSDS's) submitted by the Permittee for this Operating Permit.

C.2.2 Adhesive Products

Adhesive products used in the manufacturing process shall not contain volatile organic compounds (VOC's) or hazardous air pollutants (HAP's) in excess of the amounts indicated on the Material Safety Data Sheets (MSDS's) submitted by the Permittee for this Operating Permit.

C.3. MONITORING AND RECORDKEEPING REQUIREMENTS

C.3.1 Paint Products

The Permittee shall maintain MSDS's for all paint products used to paint each manufactured home. The MSDS's shall be maintained in such a fashion so that compliance with the terms and conditions of this permit can be easily demonstrated. The MSDS's shall remain on-site at all times and be made available to DEQ representatives upon request.

C.3.2 Adhesive Products

The Permittee shall maintain MSDS's for all adhesive products used in the manufacturing process. The MSDS's shall be maintained in such a fashion so that compliance with the terms and conditions of this permit can be easily demonstrated. The MSDS's shall remain on-site at all times and be made available to DEQ representatives upon request.
